

TELLS LADIES HERE

"WATCH YOUR STEP"

Can not camouflage a touchy corn but says they lift right out

A brisk, lively step is what charms more than a lovely skin, but your high heels have caused corns and you limp a little. That's bad, girls, and you know it. Corns destroy beauty and grace, besides corns can be lifted out with the fingers.

Rid your feet of every corn by asking at any drug store for a quarter of an ounce of freezeme. This will cost little but is sufficient to remove every hard or soft corn or callous from one's feet.

A few drops applied directly upon a tender, touchy corn relieves the soreness and soon the entire corn, root and all, lifts right out without pain.

This freezeme is a gummy substance which dries instantly and simply shrivels up the corn without inflaming or even irritating the surrounding skin.

Women must keep in mind that cornless feet create a youthful step which enhances her attractiveness.—Adv.

TOO MUCH DEFENSE.

And Not Offense Against the Submarine.

London, April 5.—Commander Carlyon Bellairs, M. P., who is regarded as something of an authority on naval matters in the House of Commons, is of the opinion that the admiralty has relied far too much on defensive tactics in coping with the submarine menace.

"The happy position foreseen for us, next August, by Lord Jellicoe," he writes, "cannot be attained except by offensive tactics, which involve the principle that barrage shall be laid in the sea to bar the exit of the German submarines, and all operations of German surface craft to clear a passage shall be prevented by the concentration of our own surface craft."

"The important thing to remember is that in going and coming, German submarines do not move until surface craft have cleared a channel. To smash the operations of the German surface craft against a really scientific, as opposed to a haphazard barrage, is to smash the submarine menace. A defended barrage in the sea to a depth of 180 feet is perfectly feasible. No mining flotilla ought to be able to act in face of a concentrated and overwhelming naval force. Consequently, if the British and American mines are as efficient as the simple German mine which we captured in the first week of the war, if we avail ourselves to the full of all the other details that go to form a barrage, such as nets, mines, and other devices, we may then say, with absolute conviction, that the submarine menace from the North sea, Atlantic and Dardanelles will be smashed from the date when we have performed the delicate and balanced operation of completing some hundreds of miles of barrage and great concentrations of naval forces."

DOCTOR GAVE THIS RUN-DOWN WOMAN VINOL

And She Got Well—Her Nervousness Disappeared

Flint, Mich.—"I keep house for my family of six and got into a generally run-down condition. I was weak, nervous and could not sleep, and had headache a good deal of the time. My doctor prescribed Vinol, and it made me well and strong. I am a good deal less nervous and can sleep nights."—Clara Smith, 1213 W. 4th avenue, Flint, Mich.

We sell Vinol on a positive guarantee to make nervous, weak, run-down women well and strong or return their money. Try it, anyway.

Red Cross Pharmacy, Floyd G. Russell, Prop., and at the best drug store in every town and city in the country.—Adv.

ASK VERMONT FOR \$6,600,000

That Amount Is Her Share of the Third Liberty Loan

BURLINGTON'S CALL IS FOR \$808,400

Rutland Will Contribute \$492,700 and Barre \$200,000

Vermont's quota for the third Liberty loan is \$6,600,000, according to the statement sent out from the publicity department of the New England Liberty loan committee in Boston. This is approximately three millions less than on the previous loan. Burlington is called upon to take the largest amount, which is \$808,400. Rutland is second with a call for \$492,700. Montpelier is asked for \$305,000, and Barre's quota is \$200,000. The quota of the state as divided into cities and towns is as follows:

SELL BONDS TO FARMERS.

Special Effort to Be Made to Reach Them on Third Loan.

Washington, April 5.—Special efforts will be made in the third Liberty loan campaign to sell bonds to farmers and people in small towns. To this end educational work has been under way for months—started long before the third loan was planned—with agricultural journals and weekly newspapers playing an important part in the task of explaining why all Americans should buy bonds.

Press matter, news and editorials, have been sent to weekly papers regularly by a branch of the Liberty loan publicity bureau directed by Henry Minor. Columns of these have been printed as a patriotic duty by the country editors, and a large proportion of newspaper offices have been made agencies for the sale of bonds.

Granges and country schools also have been enlisted in a systematic harvest of subscriptions in rural communities.

AMERICANS HAVE STRONG NERVES

Nervousness and Nerve Troubles on the Decline

"Nothing wrong but your nerves," is a saying that is fast dying out in this country. While nerve trouble is no organic disease, one of our leading nerve specialists remarked, "A man or woman might better break a leg than have a shattered nervous system."

Overwork and worry drains the nerve cells of their reserve strength and food, and then follows the sleepless night, indigestion, poor appetite, impure blood and general nervous break-down.

The thing to do in such cases no longer troubles doctors and their patients, who know from their own experience the value of Phosphated Iron. They know that a few weeks' regular use of this nerve food and red blood builder will strengthen and brace up the whole nervous system, because Phosphated Iron gives the tired, hungry, worn-out nerve cells phosphates and iron, in a form easily and quickly absorbed; as one happy user said: "You can almost feel it taking hold of the nerves and blood, after a short time you feel like a new person; life seems a pleasure and worth living once again."

In every section where Phosphated Iron has been used there has been a big decrease of nerve troubles and it will prove a welcome relief to any sufferer. You can bank on it for results—it's pure.

To insure physicians and their patients getting the genuine Phosphated Iron, we have put up in capsules only; do not take pills or tablets. Insist on capsules.

MINEOLA FAIR GROUNDS FOR WAR HOSPITAL

Government Will Provide for 10,000 Convalescents There—No Autumn Fair, First Time in 77 Years.

Mineola, N. Y., April 5.—The agricultural fair grounds and buildings at this place have been taken over by the federal government for conversion into a convalescent hospital accommodating 10,000 patients. The transfer of the property means the discontinuance of the autumn fair, which has been an annual event on Long Island for 77 years, often attracting 50,000 persons daily. Recently the grounds were used as an aviation field.

LENROOT GAINS.

He Increases His Lead Over Davies in Wisconsin.

Milwaukee, April 5.—The latest, al-

though incomplete, returns from Tuesday's senatorial election, give Congressman Irvine L. Lenroot, Republican, a plurality of 11,669 over Joseph E. Davies, Democrat. Additional returns reported during the night swelled Lenroot's vote to 148,244; Davies' to 136,573; and credited Berger, Socialist, with 103,431.

The latter carried several counties where the population was largely German.

This is a Calcium preparation possessing of marked tonic value in addition to its remedial qualities. Contains no Alcohol, Narcotics or Habit-Forming Drugs. 32 size, now \$1.50. 51 size, now 80c. Price includes war tax. All druggists. Eckman Laboratory, Philadelphia.

DATE FOR MOONEY'S SENTENCE.

Judge to Pronounce Doom on April 13—Matter Then Before Gov. Stephens.

San Francisco, April 5.—Thomas J. Mooney will be sentenced April 13 to death on his conviction for murder growing out of the preparedness day parade bomb explosion in July, 1916, it was decided Wednesday by Superior Judge Franklin A. Griffin, who presided at Mooney's trial. He said: "I am loath to pass sentence in this case, owing to the circumstances that have arisen since the close of the trial in this court; however, I will fix April 13 as the date upon which sentence shall be pronounced."

After Mooney is sentenced his fate will rest with Governor Stephens, who has received many communications asking that pardon be extended Mooney that he might be tried on one of the eight murder charges remaining against him. Chief among these communications are two from President Wilson and one from Samuel Gompers, president of the American Federation of Labor.

RADWAY'S READY RELIEF STOPS PAIN

For Rheumatic—Muscular or Neuralgic Pain

Four a quantity of Radway's Ready Relief in the hollow of your hand and rub over the part of the body affected.

The rubbing distributes the fluid, opens the pores of the skin, starts the circulation of the blood and soothes the patient.
